## Washcare Instructions

For the best results, the wash bag should always be used when washing these garments.

	<p><b>Preparation</b> Lay the trousers or skirt full length and flat in the wash bag. Lay the jacket flat and allow the arms to fall onto the front of the jacket. Place garments into the washbag, seal and fold in half.</p>
	<p><b>Washing</b> Ensure that the suit is washed separately &amp; machine wash as wool. Garments will need removing immediately from the machine when the cycle has ended.</p>
	<p><b>Drying</b> Place the jacket back on the hanger, shake gently and re-shape by gently straightening seams. Fold the trousers to the front creases and hang over the bar on garment hanger. Allow both garments to dry naturally &amp; keep away from direct heat. Do not tumble dry.</p>
	<p><b>Finishing</b> If required, press the garments using a cool iron over a damp cloth.</p>
