Index

pages 70-71

“At Brook Taverner we have only one **guiding principle**; that all wearers of corporate clothing are **confident and professional** when they wear their clothing at work.”

Brook Taverner is Europe’s most successful stock supplier of corporate tailoring. Established in 1912, Brook Taverner has a history of producing both fine fabrics and tailored clothing, with a reputation for attention to detail and garment performance. We work with some of the finest mills in the world and ensure that all our clothing is made in ethically sound factories. We strive to ensure all fabrics used meet Oeko-Tex Standard 100 environmental requirements.

Benefits of a stock range

All Brook Taverner & wardrobes collections are stock service ranges, so choosing a Brook Taverner solution for your corporatewear requirements has many advantages:

- You save money – no stock to pay for upfront or at the end of the contract
- Garments ultimately have a lower unit cost
- No minimum order requirements – you pay for what your business needs
- Brook Taverner only sell tried and tested styles and fabrics so you benefit from the optimum lifespan and value from your corporatewear
- You have greater choice – mix and match collections mean wearers can choose styles and colours which make them feel and look professional
- You save time – in stock means fast delivery and no minimum reorder quantities

Brook Taverner work with experienced, professional Corporate clothing suppliers. Please benefit from their advice to ensure you have a successful corporate clothing experience.

Aftercare Instructions

Our 4 main corporatewear capsule collections are fully machine washable. For the optimum performance and lifespan of the garments we recommend the following guidelines are followed:

	Preparation Lay the trousers or skirt full length and flat in the wash bag. Lay the jacket flat and allow the arms to fall onto the front of the jacket. Place garments into the washbag, seal and fold in half.
	Washing Ensure that the suit is washed seperately & machine wash as wool. Garments will need removing immediately from the machine when the cycle has ended.
	Drying Place the jacket back on the hanger, shake gently and re-shape by gently straightening seams. Fold the trousers to the front creases and hang over the bar on garment hanger. Allow both garments to dry naturally & keep away from direct heat. Do not tumble dry.
	Finishing If required, press the garments using a cool iron over a damp cloth.

BROOK TAVERNER & wardrobes

Fabric

At Brook Taverner we keep it simple – we choose fine yarns, weave them densely and finish the resultant fabric to industry leading standards. All fabrics used meet Oeko-Tex Standard 100 environmental requirements. We believe in doing this for the following reasons:

- Increased wearer comfort
- Greater crease recovery
- Longevity of wear
- Greater abrasion resistance
- Unrivalled performance
- Exceptional levels of colour continuity

“Understand the **impression** you want your business to make; then **tailor your corporate wardrobe** accordingly.”

Invest in **tried and tested** quality corporate clothing

Before any of our clothes are sold we put them through an intense laboratory testing regime; more importantly we ask a number of wearers to take them home and wash and wear them to destruction. Only if they pass 6 months of rigorous testing do they become part of the “wardrobes” & Brook Taverner Business Collection. After nearly 100 years of building a good name we won’t spoil it by taking short cuts.

Important steps to choosing the right collection:

- Choose the weight and durability of the fabric required for your corporate clothing
- Choose a colour and style you want
- Give yourself time to get it right; build in time for fittings etc; then set a date for your team to start wearing their wonderfully tailored new clothing

How many?

Ideally, full-time wearers should be issued with a minimum of 2 jackets, 3 trousers/skirts and 5 shirts/blouses. The same jacket and trousers or skirt should never be worn on consecutive days. At the end of the day hang the garments up with space around them – the fine fabrics will benefit from having space to breathe.

New Performance

Washcare Instructions

For the best results, the wash bag should always be used when washing these garments.

Preparation

Lay the trousers or skirt full length and flat in the wash bag. Lay the jacket flat and allow the arms to fall onto the front of the jacket. Place garments into the washbag, seal and fold in half.

Washing

Ensure that the suit is washed seperately & machine wash as wool. Garments will need removing immediately from the machine when the cycle has ended.

Drying

Place the jacket back on the hanger, shake gently and re-shape by gently straightening seams. Fold the trousers to the front creases and hang over the bar on garment hanger. Allow both garments to dry naturally & keep away from direct heat. Do not tumble dry.

Finishing

If required, press the garments using a cool iron over a damp cloth.

- **Tailored from the finest Microfibre Polyester** this is the ultimate in ladies' Easycare Corporate Tailoring.
- Easycare means just that: Easy care! Just wash your clothes at 40° put them on a hanger to dry and they are **ready to wear in 2 hours**. Wearers love the **convenience** of this lightweight ultra Easycare collection.
- Ideal for any office, travel or hotel environment where style with the convenience of Easycare is required.
- This **7 piece collection** offers something for all female (note we consider this fabric unsuitable for men's trousers) wearers from highly fashionable styles to more classic ones.
- **3 jacket styles, 3 trousers and 1 skirt.**
- Fabric manufactured to the environmental **Oeko-Tex Standard 100**.
- **Available in 2 colours.**

Formal wear

10 piece collection

A collection of timeless formal wear; tailcoat, lounge jacket, tuxedo and black jacket with striped trousers.

These clothes are engineered for the Formal environment. At Brook Taverner we have been serving the demands of the Formal wear customer for over 50 years; we have learnt that it is an exacting environment and looking extremely smart and well groomed is the minimum requirement. For this very reason we use traditional fabrics and traditional tailoring methods but we take advantage of ultra modern production facilities to create consistency. These garments demand to be respected, they enjoy being on show, they will enhance your formal environment.
